

# MAYOR'S VETO.

## Quotes Report of Franchise Committee

Wherein Earlier in Year they Appreciated the Values

### NO NOTICE WAS GIVEN

By Publication, Says His Honor as Required by the Law.

Refuses His Signature and States Reasons Very Strongly.

Mayor Theo. D. Robb discounted the city solicitor today in his filing of a petition praying for an injunction against the publishing of the ordinance granting a franchise on Bellefontaine avenue.

Mayor Robb makes the legal action virtually unnecessary until council has by a new vote passed the ordinance over the veto of the mayor.

Mayor Robb gives extended review of the history of this ordinance, and quotes the report of the franchise committee regarding same, then compares the action of Monday night with this report of the franchise committee made to the council some weeks ago.

Mayor Robb also expresses doubt regarding the legality of the amendment attached to the ordinance, and his reasons for refusing his signature and clearly showing his cause for using the veto power, are given in full in the following copy of same:

To the Council of the City of Lima, O.

Gentlemen—I have before me for consideration an ordinance, passed by you November 5th, 1906.

Granting The Lima Electric Railway & Light company, its successors and assigns, the right to construct, operate and maintain a double track railroad in Bellefontaine avenue from the east end of Main street to the south west corner of the lands of the Driv- ing Park company in the City of Lima, Ohio.

The application therefor being filed with you the same evening, to-wit, November 5th, 1906, accompanied by the ordinance under consideration.

This ordinance was not prepared by the solicitor, as is required by a rule of the council, and as seems to be required by Section 137 of the Code, nor was it submitted to him for examination until the evening of said 5th day of November.

I find also that on June 11th, 1906, a similar application for this same purpose was filed with your clerk, by said Street Railway company; that there after on June 18th, 1906, a protest from twenty-nine citizens along said avenue was also filed; was considered by you, and referred to the franchise committee of the council for report; that on June 30th, 1906, said committee reported, as follows:

REPORT OF  
The Franchise Committee on the matter of extending the street railway franchise on Bellefontaine avenue,

from the Ottawa river bridge to the Fair Grounds.

Lima, Ohio, June 30th, 1906.  
To the Honorable City Council.

Lima, Ohio.

Gentlemen—You have referred to this committee the application of the Lima Electric Railway & Light company for a renewal of its franchise on Bellefontaine avenue from the bridge to the Fair Grounds and also the conditional consent of the property owners abutting thereon to the granting of said application.

These matters are deemed of sufficient importance to set forth at length many of the conditions that charge on the subject, so that each member may be familiar with the matter.

We find that the franchise which is supposed to permit said street railway company to use Bellefontaine avenue, was passed June 13th, 1902, and eleven years must pass before its expiration.

The terms and conditions in the present street railway franchise for this city which has been in force for fourteen years, are exceedingly liberal to the operating company, and while it is probably out of the question for this council to remedy the defects or correct the evils, your committee fully appreciates what a wealthy proposition a street railway franchise is in this city, and it is of the opinion that nothing should be done that will hamper future councils as the renewal period approaches in deriving more benefits for the public at large than is now enjoyed.

After due consideration of the application for the franchise and the abutting property owners conditional consent to allow a double track street railway on said street was petitioned for and to correct the existing conditions in the present franchise, we respectfully recommend that the prayer of the petitioners for the franchise be granted on the following terms, to-wit:

First—The ordinance granting the franchise shall be made to go into effect at once and shall definitely state that the extension shall terminate on June 13th, 1917.

Second—That said petition for the franchise shall pass said street from the bridge to the fair grounds with a first class quality of vitrified paving brick on a six-inch concrete foundation from curb to curb, supplying all the necessary material and labor for the improvement, including the four-inch curb, at no expense whatsoever this portion of the street might have notice of the proposed legislation, to the property owners abutting thereon to the public at large. That said improvement shall be completed by January 1st, 1907 to the full satisfaction of the board of public service.

Third—The ordinance shall state that the rail to be used shall be the heaviest pattern of grooved rail and laid on a level with the street paving.

Fourth—That the ordinance granting this franchise shall make no mention of "Interurban service" whatsoever.

Fifth—That all the terms in the original ordinance not conflicting with these provisions, shall continue or be placed in the new ordinance.

Sixth—If these terms are acceptable to the franchise petitioners, that the clerk be instructed to advertise the notice of the petition being presented to this council, if necessary, and the city solicitor be instructed to draft an ordinance in accordance with these provisions and the franchisee be instructed to furnish each member a copy of the ordinance when prepared, 48 hours before the meeting it is to be considered.

Seventh—That should these terms not be accepted in full by the said petitioners, that their application be laid on the table.

Commenting on the foregoing terms and conditions, we desire to say in the first place, that we believe, that by keeping the street railway franchise as it is "bunched," that is, except all at the same time, the city council can derive a more acceptable bargain and terms for the city when they are renewed or re-established.

Secondly—We believe it proper to heed the requests of the abutting property owners in this matter, as Bellefontaine avenue is a narrow street, and to double track it without paring, will make the street become a menace to public safety as far as using the street for driving purposes is concerned and further, we question the right of this council to grant the franchise at all unless proper consideration be given to the property owners conditional consent.

Thirdly—A grooved rail will be of great assistance to teaming and allow easier movement of vehicles which is very desirable on this narrow street.

especially during the agricultural exhibit at the fair grounds. On our fourth condition we desire to call your attention to our Honorable Mayor's suggestion in his annual budget submitted last April which was as follows:

In view of the facts that our streets are now traversed by the cars of three different interurban lines, and that soon three or more lines will be in operation thereon, I would suggest that the council define by ordinance the mutual rights and obligations that should exist between this city and these lines.

And on this subject of "Interurban service" over the city lines, we are of the opinion that the heavy traffic can without question be regulated by a general ordinance and possible regulation be derived for the use of the streets. This is our reason for advising no mention of "Interurban service" be made in the franchise being considered, and we propose to submit for your consideration in the near future, the results of our investigation on this matter.

Respectfully submitted,  
C. C. DAVIDSON,  
T. A. COLLINS,  
THOS GREENLAND.

This report was received and adopted by you, as shown by your records, declaring thereby, your "Appreciation of the enormous value of such a franchise" and that the ordinance should make no mention of "Interurban services" and that to guard against hasty and ill-advised legislation, notice should be published as required by Section 30 of the Code, and that each member of the council should be furnished a copy of the ordinance at least forty-eight hours prior to the meeting at which it was to be considered.

What caused this change of mind in the council was not disclosed by any debate in open council at its passage. Section 30, as I construe it, provides for notice by publication of the application prior to passage of this ordinance, that the citizens, and especially those whose property abut on this portion of the street might have notice of the proposed legislation, to the end that they may have an opportunity to protest, and be present AT ONE OR MORE OF THE THREE SESSIONS OF COUNCIL AT WHICH IT WOULD BE PRESUMED, AND WHICH THE STATUTE CONTEMPLATES SUCH AN IMPORTANT MATTER, WOULD BE READ BEFORE ITS PASSAGE; and be heard in their own behalf as to any question of legal right to double track, or conditions of ordinance, or other reason this privilege was denied them.

I believe with your honorably body as expressed in your adoption of the report of your franchise committee that such franchises are of such vital commercial value, and the interference with our streets and the increased danger to travel is so great, that a reasonable consideration should be paid for such franchise.

The itinerant peddler is required to pay two dollars a day to sell notions on the street; the man with the basket or push cart pays fifteen dollars per year for the privilege; the man who uses his wagon to bring necessaries to our door pays thirty dollars per year, and all this license is based upon their use of the streets.

The Electric Light company were required to light the public buildings free as compensation for their franchise. The Natural Gas company were compelled as consideration for their franchise to heat the public buildings. None of these classes seriously interfere with our streets. I am unable to see why a company should be granted the right to occupy more than half a street, with prior right of way, and added danger to life and property, with no other promise than that they will not raise the fare.

They should be required to pay a reasonable compensation for this valuable privilege, as has been done with other industries above referred to.

I heartily agree with the report of your franchise committee, except as to the amount required of the company as solely applied to the benefit of the abutting property holders, believing it should be more equitably apportioned among the property generally, and therefore disagree with the terms of the present ordinance.

And further, I have no faith in the validity of the amendment added, as a limitation to the general powers granted.

The statute requires that I give my reasons for refusing my approval to an ordinance, and I have done so, at possibly too great length, but I realize that we are face to face with a proposition most vital to the interest of the people of this city, at present and for all future time. It should not be postponed for a quarter of a century, but should be fearlessly met NOW, and honestly and permanently settled, on terms of equal fairness to both city and applicant, and I heartily concur in your franchise committee's suggestion to "bunch" these franchises at the earliest time possible.

I therefore return said ordinance, with my veto, for reason herein found.

Respectfully,  
THEO. D. ROBB, Mayor.

## TWO WOMEN FINED

When Arraigned in Mayor's Court, on Charge of Drunkenness.

## ONE HAD THE MONEY

And the Police Had Not Found It When She Was Arrested.

There were five prisoners arraigned in mayor's court this morning, three of them being men and the other two women. The latter pair was arrested by officers Kelly and Anderson at 11:30 o'clock on the charge of drunkenness. They gave their names as Alice and Beile Gardner and when they pleaded guilty to the charge the mayor assessed them the sum of \$1.00 each. One of the women immediately retired from the court room and returned a moment later with a ten dollar bill which she had evidently had concealed somewhere where the police would not search for it when she was locked up. She paid both fines and the two were released.

Theo. Lipfert and Will Gibbs, arrested by Sergeant Armstrong on the charge of having stolen \$25 dollars worth of clothes from the room of Chas. Houston, on east Spring street, pleaded not guilty and their case was set for hearing next Monday. The two prisoners were unable to furnish bail in the sum of \$100 each and they were remanded to the city prison.

Frank Riley, arrested by Patrolman Sutherland, on the charge of disorderly conduct, being charged with having broken a window in an east Pearl street house, will be disposed of later.

## WAGES INCREASED

Good News Received by Employees at Solar.

The employees in the various mechanical and laborers' department at the Solar refinery have been notified that a general increase in their wages has been determined upon and that the increase will become effective in the first payment of wages for the month of November. The increase ranges from five to ten per cent and has been granted the army of employees without solicitation on their part but is very acceptable, especially since the cold blasts of winter are rapidly approaching.

Give Lima more institutions like the Solar, the Buckeye and the Manhattan. They pay good wages and know of no strikes.

## CARBOLIC ACID

Was Swallowed by a County Infirmary Inmate.

Martha Miller, an inmate of the county infirmary, some very near ending her life last night by swallowing a quantity of carbolic acid which she secured possession of by breaking open the drug cabinet in the hospital department at the county institution.

Her rash act was soon discovered by the watchful attendants at the infirmary and Dr. Dickey, who was hastily summoned, succeeded in saving her life.

The woman is a weak minded inmate of the institution and it is not known whether or not she took the drug with intent to suicide. It is believed she will recover.

## REPORT DID IT

### Pullman Advances a Few Points

### INTENDED INCREASE

In Preferred Stock Causes American Woolen to Break.

Quotations on Live Stock, Grain, Produce and Provision.

*By Associated Press.*  
New York, Nov. 9.—Early dealings in stocks were on a small scale and at lower prices than last night. Pullman was a notable exception and was lifted 3 1/2 by the report of the plan for the distribution of the surplus to stockholders. American woolen broke 2 3/8 on account of the intended increase in the preferred stock. Great Northern preferred declined 1 1/2 and Northern Pacific, National Lead and Sugar substantial fractions.

### ALL CURVES

In Western Ohio Will Be Straightened Out.

General Manager Carpenter, of the Western Ohio, states that the new cut-off under construction at Cridersville, is nearing completion and that in all probability the Toledo-Dayton limited cars of the company will be running over it by the end of the present week.

The cut-off is about one mile in length and will permit the limited cars to go past Cridersville without even hesitating. The object in view is to permit greater speed for the through trains, rather than mere shortening of the mileage.

However, this is but one of a series of similar improvements that will ultimately be made. In this connection it may be said that there has been a vast change in the methods of constructing interurban railway lines during the past few years. Five or six years ago they were constructed more like ordinary city street railways. As the lines were not then in competition with the steam railroads, it was not thought necessary to be very careful, either as to grades or curves.

### FELL INTO GORGE ONE HUNDRED FEET.

Niagara Falls, N. Y., Nov. 9.—William Cooper, 35 years old, who lives at Whirlpool street, and Ontario avenue, fell over the high bank into the gorge at a point between the city dump and the gas plant of the Niagara Falls and Electric Light company. He was intoxicated at the time, and enjoyed the proverbial good fortune of the drunken man for, barring a few body bruises, Cooper was uninjured, though he fell nearly 100 feet. Sloping ledges and trees broke his fall.

Cooper came to his senses about 5 o'clock in the morning, and found himself lying on the rocks below the bank. He made his way to the inclined railway and, breaking a pane of glass in the lower waiting station, he slipped the bolt of the door and climbed up the long stairway to the top. To a reservation officer who met him at the top of the stairs he told his story. Cooper says the last he remembers until he found himself below the bank on the rocks was being in the tunnel district drinking with some friends. How he got to the river bank he does not know. He was completely exhausted when he reached the top of the bank, and was taken home in the police ambulance.

## WEATHER FORECAST.

Washington, Nov. 9.—For Ohio:  
Partly cloudy to-night, colder in west  
and north portions. Saturday fair,  
cloudy.

In Caesar's wars 1,000,000 men perished on the field of battle. Napoleon is credited with having sacrificed over 2,000,000 Frenchmen on the altar of his ambition. In the ten years following the fall of Fort Sumter the world destroyed 7,400,000 lives and property valued at \$6,000,000,000. Most of them are futile as well as wrong. Two-thirds of the budgets of the various states of Europe are for the maintenance of armies. A cessation of all wars would add to the world's progress and civilization.

Baltimore has been rebuilding a burned city at a cost of many millions of dollars, and yet she is raising a fund of \$500,000 for the erection of a Y. M. C. A. building with apertures. That is going some, and shows how well the association is appreciated. Speaking of the effort the Sun of that city says: "The unostentatious but indispensable work of the association in looking after the moral, religious and physical welfare of young men appeals to every public-spirited citizen. To young men coming to the city from the country it supplies a stay of sympathy and co-operation of the greatest importance during the trying period when homesickness on the one hand and the ailing vices of a great city on the other weaken the power of resistance to new impulses."

## MAKING A LAWN.

The Garden Magazine contains some food for thought relative to the proper time and mode in which to make a garden lawn. The matter is pertinent here, especially now.

A fall lawn has a better chance of succeeding than if sown in the spring. Lime is recommended as a fertilizer. The best methods of procuring lime for use on the lawn is to purchase from a local dealer in the spring a sufficient quantity of new lime. This should be placed in the cellar of the dwelling in barrels which should be only half filled or partly fill some boxes. As the lime absorbs moisture from the air it will help to keep the cellar dry during the summer, and by fall the lime will become thoroughly slacked. Apply this air-slacked lime to the lawn, any time after the ground has frozen at the rate of one bushel to each thousand square feet of lawn, or at the rate of forty bushels to the acre. Lime sweetens soil, and if it is applied each year will rid the lawn of many plants that thrive in lime soil, such as moss and sorrel. It is not advisable to top-dress a lawn with any kind of stable manure, they all contain weed seeds. Bone meal is just as cheap and more lasting in effect.

Present indication point to renewed interest in beautifying house yards, front and back the coming summer, and the suggestions from an authoritative source like the above ought to prove of good effect in preparing for the campaign. Muncie was made more beautiful than ever this summer. There is no reason why the coming summer should not prove still more attractive.

## TO CHECK THE DIVORCE EVIL.

In the proposed uniform divorce law that has been prepared by the committee of the divorce congress, there is provision for absolute divorce, as well as for "separation from bed and board." There is also a wise provision that the final decree shall not be made until a year after the hearing. These provisions are made in recognition of the fact that the best cure for marital troubles is reconciliation and for the purpose of making the way easy. The year of waiting will also act to prevent the shameful exhibit of a divorce followed the next week, or even the next day, by marriage of one of the parties to another. A third exception

provision is that authorizing a denial of it appears that the husband and wife have conspired to get it. A fourth is that making it a misdemeanor for an attorney to solicit a divorce case.

All these provisions fairly meet conditions that are well known and aim at those that have made divorce a national scandal. In such a law were enacted by every legislature in the land it cannot be denied that the means to a great reform would be presented, needing only a vigorous enforcement to make the reform complete. During the year ending June 30, 1905, there were in Ohio 44,447 marriages and 4,511 divorces, approximately one divorce for every ten marriages. On an average, about 10 per cent of the divorces asked for are granted. The courts of the state are doing something to minimize the evil, but it is an unequal battle, when to laxity of law is added lack of uniformity throughout the country. Those who are denied divorce here may go and often do go to other states, secure a nominal residence and get the separation they desire.

None but those who hold marriage in contempt can object to the reforms proposed. There can be no congressional action in this matter; the states themselves must do it. They can and they should; and it is a pleasure to know that the agitation to make divorce law the same all over the land is now in a hopeful condition.

## CREDIT TO MR. COLLINS.

Editor of Times-Democrat: In an article furnished to your paper on November 8, I spoke of the job pushed through the council Monday night, under the united influence of the two corporations which use our streets to the greatest extent, and that it was done without debate, etc. I should have mentioned the fact that Mr. Thomas A. Collins, councilman from the Second ward, did all that he could to prevent the rushing of the Bellefontaine avenue franchise or franchise in the manner in which it was done. He had the law regarding the proceedings to be taken in passing street railway franchises read to the council by the city solicitor, Mr. Eastman, and urged the council to consider the law. I think no man in the city is more widely known or more thoroughly believed in by the people as to his judgment or integrity. The influence brought to bear on the councilmen to change their position on the franchise for double tracking Bellefontaine avenue, without paving the street from their position when a franchise was before them some months back, failed to work with Thomas A. Collins. Mr. Cramer, the president of the council, had no vote and I have not heard what his position was. He told a resident of Bellefontaine avenue today, that their action was a surprise to him.

## CARTER &amp; CARROLL,

Sole Agents in This City for Redfern Corsets.

In view of the scarcity of good quality in long length kid gloves, many of the stores have advanced the prices. As yet we are well supplied and through special arrangements we hope to maintain throughout the season the following prices:

Three quarter 12 button length, glace gloves, \$3.00.

Extra long, 16 button length, glace gloves, \$3.50.

## MATCHLESS "MUNISING UNDERWEAR."

POPULAR PRICE--PERFECT FITTING.

THIS UNDERWEAR NEEDS NO RECOMMENDATION FROM US. NO BETTER FITTING, MORE DURABLE, COMFORTABLE AND SATISFACTORY UNDERWEAR CAN BE PURCHASED AT ANY PRICE. THEY FIT WELL, WEAR WELL, AND WHILE THEY ARE DAINTY AND FINE ENOUGH FOR THE MOST FASTIDIOUS THEY ARE SO MODERATELY PRICED, THAT THEY MAY BE ENJOYED BY ALL.

Women's "Munsing" Union Suits, \$1. Made from very fine cotton yarn, ribbed and fleece lined, opened down front or across bust, crochet silk finish, (over-lock seams). Perfect fitting, elastic and warm. Put \$1.50 in any other kind of suit and the quality wouldn't be better.

Women's fine "Munsing" Suits at \$3. These are the finest natural wool suits you can buy. Pay \$5.00 for any other make and the quality won't be better—knit from the finest natural wool, silk crocheted finish. Made strong by over-lock seam. Open across bust or down front. (Other fine grades in natural wool at \$2.50 and \$2.75.)

Women's "Munsing" Union Suits of Pure White Wool, delightfully soft, open front, silk crocheted finish. Very special value at \$2.50.

Women's Black Union Suits, fine ribbed, fleece lined, open front, guaranteed not to fade. A very fine value at \$1.50.

Men's "Munsing" Union Suits, made from very fine natural wool—heavy ribbed (meaning elastic). Every seam strongly over-locked for service. Very fine quality \$2.50.

A very fine natural wool "Munsing" Union Suit at \$3.00.

Men's "Munsing" Union Suits, even ribbed heavily fleece lined, better see this value before making your underwear purchase. \$1.50.

Men's Yeager underwear, heavily fleece lined shirts and drawers, the best low price underwear offered in this city, heavy, soft and warm. Special for Saturday 45c.

Men's natural grey all wool shirts and drawers, in either heavy or medium weight, equal to the regular \$1.25 quality. Special for Saturday \$1.00.

Men's fine cashmere wool shirts and drawers, flat knit, an exceptional value at \$1.50.

Women's Jersey Ribbed Union Suits, 39c Value that you will not equal in this city for less than 50c. They are perfect fitting, made ample large and finished in the same good way as the higher priced suits.

Women's Union Suits at 50c, in all probabilities the most exceptional value our underwear department has to offer. It will compare favorably with garments sold in many other stores at 98c. Fine jersey ribbed, soft heavy fleece, perfect in shape and finish.

AT 75c. Women's natural wool vests and pants, worth \$1.00, offered at this special sale price for Saturday only.

AT 50c. Women's cotton ribbed underwear that you will not match for less than 25 percent more, vests and pants, perfect in finish and shape, extra heavy, soft fleece lined. One of the very best values we have ever offered.

Girl's "Munsing" Union Suits in white or grey, fine quality, with heavy fleece lining. Perfect in fit and finish, 75c.

Children's "Munsing" Underwear, natural wool, ribbed, soft fleece lining drawers and vests, size 3 to 15 years. Excellent at 50 cent.

Boys' and Girls' "Munsing" Union Suits, sizes 2 to 15 years, natural grey, jersey ribbed, fleece lined, a splendid underwear for 50c.

Yeager Union Suits for Boys', extra heavy fleece lined, sizes 6 to 14 years, warm and durable, 50c.

AT 25c. A value that we use as an advertisement for our underwear department. It's a good ad because the value is never matched for the price. Vests and pants properly shaped and finished, fine ribbed, with soft heavy fleece.

## \$1.50 Chiffon Broadcloth--Special for Saturday \$1.00.

Realizing that a bargain in chiffon broadcloth would undoubtedly be a popular bargain, owing to the steadily increasing demand for this beautiful fabric, we have decided to place on sale for this one day, our entire line of imported broadcloths, sold regular at \$1.50 the yard, at the bargain price of \$1.00. The showing includes black, wine, royal blue, navy, myrtle, grey, cardinal and brown, width 50 inches. Not a yard of this quality has been sold for less than \$1.50.

## Another Saturday Dress Goods Special--39c for Dress Fabrics Formerly Priced at 50c.

This offering represents at least 75 styles, all new, including the popular checks and plaids, narrow stripes, all the plain colors now in demand, such as browns, reds, greys and blue; also a wide range of fancy mixtures. Many of these popular cloths are exact copies both as to pattern and coloring of many of the higher price materials. This splendid bargain opportunity is offered as an attraction from the dress goods department and will be in force during Saturday only.

Women's and Misses' stylish high grade walking skirts at prices that scarcely equal the cost of the materials alone. We realize that the trade condition which allows of us offering these unusual values, is of little importance to you.

Prices, styles and quality are the three features you wish to be assured on, so we merely ask you to note carefully the following brief descriptions and prices, and when you have inspected the styles and examined the quality, we are confident you will admit that we have not exaggerated in advertising them as the best skirt bargain offered this year.

AT 13.95.—Walking skirts in three of the best models brought out this season, one of which is shown in the illustration above. Materials are fine all wool cheviots and light weight Milton cloth, plain black, navy and brown, brown and grey mixtures and a wide range of fancies, checks and plaids. The regular price of such skirts is \$7.50.

AT \$4.95.—The above illustration pictures two of the models in this assortment. Materials are fine all wool panamas in plain brown, navy, grey and black, also a wide range of wool suitings in grey, brown and blue mixtures. Not a skirt in this lot that would not sell in the regular way for \$8.75.

AT \$7.50.—This assortment includes six of the best models that have been shown this season, as it was our privilege to dictate the styles these skirts were to be made up in. The materials are fine all wool chiffon panamas in medium and dark fancies, checks and plaids, plain chiffon panama in black, navy and brown. Also a wide range of Scotch all wool suitings in grey and brown fancies. We unhesitatingly pronounce these beautiful skirts \$10 values.

## Sacrifice Sale--All Du Barry and Kabo Corsets 50c on the Dollar.

Kabo and Du Barry Corsets are so well known, that it would be a waste of time and space to sound their praises. We merely list the SACRIFICE SALE PRICES with a brief explanation of the "reasons why"—our loss in this SACRIFICE SALE is made imperative by the readjusting of business affairs of the Chicago Corset Co., manufacturers of both the Kabo and Du Barry lines. They have decided to discontinue all their high priced lines, leaving us with a large stock of these, corsets, on hand, without means of keeping up sizes. We have therefore decided to take our loss at the start and offer their lines at the following SACRIFICE SALE prices:

\$1.00 Kabo Corsets. SACRIFICE SALE PRICE 75c.

\$1.50 to \$2.00 Kabo Corsets. SACRIFICE SALE PRICE 98c.

\$2.50 to \$3.00 Kabo Corsets. SACRIFICE SALE PRICE \$1.49.

\$3.50 to \$4.00 Du Barry Corsets. SACRIFICE SALE PRICE \$1.98.

\$4.50, \$5.00 and \$6.00 Du Barry Corsets. SACRIFICE SALE PRICE \$2.49.

EVERY PAIR GUARANTEED—WE STAND RESPONSIBLE THE SAME AS WE DID BEFORE WE DECIDED TO CLOSE OUT THESE LINES. COME EARLY IN THE DAY BEFORE SIZES ARE BROKEN.

# THE TROUBLE at Bellefontaine Ave. Franchise.

Plaintiff Starts Suit to  
in the City Of  
officials.

## IT WAS ILLEGAL.

According to the Pleadings  
Today By Mr.

Eastman.

of the Ordinance  
a Pure Business  
Error.

itor R. C. Eastman, in be-  
at the request of property  
taxpayers of the city, this  
brought an action against the  
under section 1777 of the  
statutes, seeking an injunction  
against the publishing of a cer-  
tificate, which grants to the  
Lima Electric Railway & Light  
Company franchise on Bellefontaine  
avenue.

Plaintiff after designating the  
named as defendants as  
and constituting the council  
together with Thomas A.  
Cramer, president of council; Attest,  
O. J. Rose, clerk of council. Approved  
Nov. 7, 1906. Theo. D. Robb, Mayor  
of the city of Lima, O.

Plaintiff avers that said ordinance  
at the time of the publication had not  
been presented to Theo. D. Robb and  
that said mayor had not at that time  
approved said ordinance, and has not  
at this time approved said ordinance  
but that said Lima Electric Railway &  
Light company are trying to and will  
unless enjoined by this court take pos-  
session of said Bellefontaine avenue  
in the great and irreparable damage  
of said city and to the owners of abut-  
ting property.

Prayer of the petition:  
November, 1906, the Lima  
Electric Railway & Light company pro-  
prietors of the city of Lima an applica-  
tion to renew for the full term of  
S. R. Larrimer, M. S. Bowser, C. C.

period allowed by law, the right to construct, maintain and operate a council, be enjoined from the public double track railway on Bellefontaine avenue, and from doing any other thing in reference to Market street and extending east to the passage of the same, and that the defendant, the Lima Electric Railway & Light company, be enjoined from doing anything under the terms of said ordinance, or from occupying said members of the city council, or attempting to vote accepted such application and occupy the same by virtue of said alleged franchise. And that at the final hearing by this court of this cause, to read said ordinance, said ordinance may be declared illegal, O. H. Odell, to suspend the rules, void and of no effect, and for such other which motion was carried by a full and further relief as in law or equity the plaintiff may be entitled.

### A RESTRAINING ORDER

Was Granted by Judge Cunningham  
and Case Set for Monday.

On presentation to him of the application for a restraining order, Judge Cunningham granted same today and set the 12th day of November, Monday next, at ten o'clock as the date for the hearing for a temporary injunction.

Restraining orders were issued to all the defendants by Sheriff Van Gunten this morning.

### LIMA LADIES

Delighted at the Lecture by  
Miss Burr.

For the past week the representatives of the Walter Baker Cocoa Co. have been conducting a demonstration of the various uses of their products, under the direction of Miss Elizabeth K. Burr, and the favor with which the work has been received is attested by the fact that the lectures at the Auditorium have been attended by over 1400 women, all of whom were delighted with the demonstrations and the lecture of Miss Burr.

At each lecture dainty samples of Miss Burr's preparations were served the ladies in attendance, a different menu being prepared for each lecture. The Lima ladies were delighted as well as instructed by the presentation of facts and articles at the daily demonstration.

### RIPE OLD AGE

Reached by Randolph Pennell, Who Died Last Night.

late last night, at 11 o'clock, occurred the death of Rev. Randolph Pennell, an aged and well known resident of the city, the demise taking place at the home of his son, Thomas C. Pennell, on W. Market street. Paralysis of three weeks' duration was the cause of the demise.

Deceased was 93 years old and he leaves two sons, Thomas C and F. W. Pennell. He was born in Ontario, now New York, and had been a citizen of Ohio for 15 years. Living four years in this city.

A private funeral will be held tomorrow afternoon from the Pennell residence.

### FUN SHOOTING GAME WARDENS.

Harrisburg, Pa., Nov. 9.—It is mighty tough being a game warden in this state," said Secretary Kalbfus, of the state game commission. In the last year, he continued, "three game wardens have been killed, nine wounded, fifteen shot at, and two are in jail, charged with murder. One was shot near Altoona and badly wounded, and one was killed in Schuylkill county, and his murderer is still at large.

"The two men in jail in Wilkes-Barre caught a Hungarian shooting robin, and when they tried to arrest him he fired point blank into their faces. They shot him in self-defense, and then were arrested. It is tough that men who are sent to enforce the game laws have so much trouble.

"And the worst of it is that there are few who sympathize with the unfortunate. Take the case of the two men in jail at Wilkes-Barre. I am taking up a collection now from sportsmen in the state, asking 50 cents or a dollar each to defend these two men, for they are poor and have no money, and the state gives a miserable pitance.

"The worst violators of the game laws are the foreigners. They shoot without a license such as the law requires, and they kill everything in sight—song birds, insectivorous birds, game birds—in season and out of season, killing anything that wears feathers or furs."

### CITY LIGHTS OUT BECAUSE OF EELS.

North Walpole, N. H., Nov. 9.—All the unemployed in this village and in Bellows Falls, just across the Connecticut river, are out catching eels these days, and they are being taken by the barrel. Never have they been more plentiful and the oldest inhabitant remembers but once when they were caught in such quantities.

Every fall the eels migrate down the Connecticut, and when they begin to run men and boys line the banks spearing them and catching them with hook and line. This year the word went out that the eels fairly filled the deep pools, and when the fishermen got busy the average catch ran close to 100 pounds.

A few days ago the electric lights in Bellows Falls suddenly went out, and upon inquiry it was found that the water wheels at the foot of the dam at the electric light plant had become clogged. An investigation was promptly made and it developed that the flume and wheels were full of eels. The water was diverted into the waterway and several bushels of eels were taken out. A wire screen was then placed across the head of the flume to prevent a recurrence of the "accident."

### PUTS AN END TO ALL CHILD LABOR.

Columbus, Ga., Nov. 9.—Child labor has been given a knockout blow by the legislation which has just gone into effect. Any child seeking work in a factory after Jan. 1, 1908, must show that he or she has attended school twelve weeks during 1907, six weeks of which must have been consecutive. No child under 10 years of age may be employed in any factory under any circumstances, and no child under 12 years may be employed in a factory unless a widowed mother or disabled father is dependent upon the labor of the child for support.

Anticipating a heavy influx of factory operatives and their families to take the places of the children who are leaving the mills, a small city has been built just north of this city, where wide streets and shaded lawns surround small cottages that are ready for occupancy. In the center of this city is the new secondary industrial school, which will be devoted entirely to teaching the children who leave the mills, and others in the city, trades at which they will be able to find profitable employment.

The employment department and teachers' agency is gaining wide popularity, and is proving to be a most valuable adjunct to the college.

New classes will be formed Monday in the following departments: Classical, Scientific, Literary, Normal, Preparatory, Commercial, Civil Engineering, Law, Pharmacy, Music and Newcomer's School of Expression.

have followed the remarkable work super has been accomplished in the ones of his invasion Tenn. after nearly a victim of stomach trouble for years and distorted in vain. I suffered greatly from an irregular appetite sometimes not able to eat at all, and other times not being able to eat enough. I used to feel tired and worn out all the time, lost all ambition. I did not seem to gain any strength or nourishment from what I ate. I was nearly always troubled with constipation and frequently suffered from severe headaches. Sometimes I would have queer dizzy spells and could see dark spots floating before my eyes. After eating I would invariably experience a pain and bloating sensation in my stomach. I had suffered for a long time and had tried every remedy I ever heard of without any benefit. When this man Cooper came to Nashville and every one was talking about what his medicines were doing I secured a trial treatment. I had taken only a few doses of the New Discovery medicine when a horrible tape worm passed from my system. Soon I felt better and have improved very rapidly ever since. That is the whole story. Now I am feeling much stronger and better in every way. I eat well and never have headaches any more. I am more than grateful for what Mr. Cooper's wonderful medicine has done for me and I am satisfied that my suffering of all these years was caused by nothing but that awful worm."

Cooper, it will be remembered, is the man who created a sensation in St. Louis a short time ago, at which time the newspapers all over the country were full of the reports of his work. The sale of his preparations has reached enormous proportions wherever introduced, and, although he has never visited Lima, it is said at Wm. Melville's drug store, where the day ago, was the demand for them is startling. The daily papers, when and that several of our prominent citizens have received benefit from his medicine, said: "I had been their use."

## AND DEFIES SHERIFF

Latter Was Held Off All  
Night by the Demented

Old Man.

Ex-County Infirmary Director James Williams, of Putnam county, was shot and dangerously wounded Wednesday evening at Vaughnsville, by Meredith Evans, 76. They are neighbors and farmers and are prominent in their section. Meredith was shot in the arm and chest and may die. Evans is under arrest here.

After the shooting, the old man barricaded himself in his house and defied the sheriff and a deputy, holding them off at the point of a shotgun, all night. In the morning, he quietly surrendered.

Evans claims that he thought Williams was a chicken thief.

According to neighbors however, Evans has been acting strangely, of late, and is thought to be mentally unsound. Last evening, several neighbors started to his house on the report that he was threatening violence and that his family was in danger. As they approached the house, Evans appeared on the porch with a shotgun and fired, wounding Williams. It is likely that an inquest will be held to determine his mental condition.

## DAUGHTER'S DEATH MAY KILL PARENT.

Wapakoneta, O., Nov. 9.—For three weeks, Mrs. George Schaffer, ill with typhoid fever, tried to recover that she might visit her daughter, Callie Schaffer, who was ill at the Mt. Airy hospital, Massillon.

Wednesday, Callie Schaffer died, and the news shocked her mother into a relapse from which it is said she cannot recover.

George Schaffer, the father and husband, is also critically ill.

## GUNS.

## PAIN IN BACK AND LIMBS

is Pretty Sure to Mean Rheumatism.

TAKE DR. WILLIAMS' PINK PILLS  
AT THE FIRST SYMPTOM.

The Remedy that Permanently Cured  
This Michigan Man and His Wife.

Do not neglect the first warning  
symptoms of rheumatism.

Dr. Williams' Pink Pills have cured  
many cases of this disease in ad-  
vanced stages, but much can  
be saved and unnecessary suffering avoided  
by beginning the treatment as soon  
as the first pain in the joints, the  
first twinges in the muscles, give notice  
of the approach of the trouble.

Mr. Frank Little, a well known citizen  
of Portland, Ionia Co., Mich., was  
cured of a severe case of rheumatism  
by Dr. Williams' Pink Pills. In speak-  
ing about it recently, he said: "In my  
work I was obliged to be out in all  
kinds of weather and many times I  
would come home wet through and completely  
exhausted. I worried a great deal and I think this, along with  
my constant exposure to the cold and damp, hastened my sickness. My body  
was run down and in no condition to  
withstand disease and about five years  
ago I began to feel rheumatic pains in  
my arms and across my back. My  
arms and legs grew numb and the  
rheumatism seemed to settle in every  
joint so that I could hardly move,  
while my arms were useless at times.  
I was unable to sleep or rest well and  
my heart pained me so terribly I  
could hardly stand it. My stomach be-  
came sour and bloated after eating  
and this grew so bad that I had inflam-  
mation of the stomach. I was extreme-  
ly nervous and could not bear the  
least noise or excitement. One whole  
side of my body became paralyzed.

"As I said before, I had been suf-  
fering about five years and seemed to  
be able to get no relief from my doctors,  
when a friend here in Portland told  
me how Dr. Williams' Pink Pills  
had cured him of neuralgia in the face,  
even after the pain had drawn it to  
one side. I decided to try the pills  
and began to use some improvement  
soon after using them. This encour-  
aged me to keep on until I was entire-  
ly cured. I have never had a return  
of the rheumatism or of the paralysis.  
"My wife was also troubled in about  
the same way that I was. She had  
rheumatism in the joints and stiffness  
and numbness in the neck. The pills  
completely cured her and she has  
never had another attack of the rheu-  
matism."

Dr. Williams' Pink Pills actually  
make rich, new blood and have cured  
such diseases as rheumatism, nervous  
and general debility, indigestion, ner-  
vous headaches, neuralgia and even  
partial paralysis and locomotor ataxia.  
These pills are for sale by all drug-  
ists or will be sent postpaid, on re-  
ceipt of price, \$5.00, weight per box, six  
boxes for \$2.50, by the Dr. Williams  
Medicine Company, Schenectady, N. Y.

## THE STAGE.

At the Faurot opera house to-  
morrow afternoon and night Melville B.

Raymond's big all new musical comedy  
"Buster Brown's Holiday" will be  
the attraction. The piece is a fantas-  
y suggested by the New York Herald's  
funny page, and the management  
promises to present it with good taste  
and liberality. The company will be  
a large one, comprising fifty members  
or more handsomely costumed, with  
stage settings complete.

When you go to a theatre and wish  
to be highly entertained, ninety-nine  
out of every one hundred will gauge  
the merits of the entertainment by  
the sweeping appeal to the performance  
to the variety of individual emotions  
assailed. That is one of the secrets of  
the success of the "Liberty Pictures." The "Liberty Moving Pictures"  
will be given at the Faurot  
Sunday evening with illustrated songs  
by Master Ben Fox.

## FROM AUSTRIA

Came the Youth Whose  
Lifeless Body

Was Found Along Tracks of  
the C. H. & D. Last  
Evening.

HAD BEEN EMPLOYED

In the Foundry at the Lima  
Locomotive & Machine  
Co. Works.

Deceased Was a Brother of  
Mrs. Edward Phillips,  
of Third Street.

Michael Sike, a native of Austria who

had been employed in the foundry of

the Lima Locomotive and Machine

Company's works, was found dead be-

side a C. H. & D. passing track near

the Fourth street crossing in Solar-

ville last evening, at about 6 o'clock.

The startling discovery of the pres-

ence of the dead body beside the track

was made by George Watt, a resident

of that locality, who happened to be

passing along the tracks at that point.

Williams & Davis' ambulance was

summoned, and the body was taken to

their morgue, where today, it was

viewed by a number of friends and

relatives of the deceased.

The circumstances surrounding the

case indicate that the young man

either committed suicide by taking

some poisonous drug or by willfully

permitting the wheels of a train to

crush him, as his hat, pipe and a

loaded revolver were found carefully

placed together along the track about

ten feet from the spot where the body

was found. Coroner Steiner has

started an investigation of the case

but has not, as yet, determined as to

whether or not the case was one of

suicide.

The deceased was about 21 years of

age and had been in this country

about two years, making his home

with his sister, Mrs. Edward Phillips,

wife of a well-known local musician

and cigar maker who resides at 200

east Third street. For some time, the

young man has been employed at the locomotive works but he disappeared Saturday night, without having drawn his wages at the shops, and was not again seen by either his sister or another in law. He had been dependent for several days prior to his leaving the locomotive works and was suffering from a disease that incapacitated him for manual labor.

The body will be taken to the home of the deceased's sister but arrangements for the funeral have not yet been made.

TEDDY'S PARADE  
ON WAY TO PANAMA.

Norfolk, Va., Nov. 8.—President Roosevelt on board the U. S. battleship Louisiana, bound for the Isthmus of Panama, passed out to sea through the capes of Virginia exactly at 6:40 o'clock this morning. The Louisiana was followed by the armored cruisers Tennessee and Washington, which are to convey the battleship on her southern trip. When some distance off Cape Henry, the Louisiana raised signals of some kind, which the United States weather observer at the cape was unable to distinguish because of the smoke from the funnels of the Louisiana and other vessels at the time.

Neither of the warships made any stop, however, and soon passed out of sight.

The transfer from the Mayower to the Louisiana was without special incident last night, so far as is known here.

B. & O. ENGINEER  
KILLED IN A WRECK.

By Associated Press.  
Blanchester, O., Nov. 9.—A wreck occurred on the B. & O. S. W. here this morning. The yard crew with engine number 221 was switching when extra engine No. 6123 ran through an open switch. Both crews jumped and escaped, except Engineer T. B. Carlile, of 221, who was killed instantly. Both engines were badly wrecked.

Ottawa people are arranging for their annual crow supper. If the state goes over 60,000 republican, the democrats are to foot the bill, and under that amount the republicans will have to bear his expense. Look like the democrats are in for it. Fifteen or twenty Lima people will attend.

The family of Henry Mueller, of near Ft. Jennings, have been taken to the Putnam county infirmary. Mueller is now in jail at Ottawa, for murdering Fritz Graff last Saturday.

Hon. H. W. Layton left today for Kansas City, where he will assume his duties as assistant sergeant at arms of the U. S. Senate, having in charge the senate committee on Indian Affairs, which is making a trip through the Indian Territory investigating affairs in conformity with a resolution to that effect passed at the last session of the senate. Mr. Layton will be gone two weeks and will then return to Wapakoneta to remain a few

days before going to Washington for the next session of congress.—Wapak News.
